CORE COMPETENCIES

Digital Property Brokers, Inc. (DBA: FedGovTec) delivers high-impact, compliant digital solutions designed specifically for government agencies. Our team combines technical expertise with public sector knowledge to create modern digital experiences that enhance citizen engagement and streamline agency operations.

Services Include:

- **Custom Website Development** - Section 508 compliant, responsive websites built with WordPress and other scalable frameworks that meet all federal security requirements
 - **Strategic Branding & Visual Identity** - Comprehensive brand systems that establish trust and clarity for government programs and initiatives
 - **AI-Enhanced Content Solutions** - Smart content creation and data visualization tools that improve communication efficiency
 - **Internal Platforms & Dashboards** - Custom workflow solutions that modernize internal processes and improve data accessibility
 - **Secure Digital Forms & Documents** - FISMA-compliant digital infrastructure for sensitive information collection and management
-

DIFFERENTIATORS

- 🎯 **Public Sector Expertise** - Specialized knowledge of government communication needs, procurement processes, and stringent compliance standards
- 🚀 **Rapid Deployment Methodology** - Streamlined processes that deliver enterprise-quality solutions with the agility of a small business

-  **Comprehensive Compliance Framework** - Every deliverable meets or exceeds ADA/WCAG 2.1 standards, Section 508 requirements, and federal security guidelines
 -  **User-Centered Design Approach** - Research-backed interfaces that prioritize citizen experience and accessibility across all devices
 -  **Full Lifecycle Support** - End-to-end project management from discovery through deployment and ongoing maintenance
-
